Discus 16 is a 95CRI LED spotlight, based on a minimalist design with advanced features and benefits. The spotlight comes as standard in white, black and brushed aluminium finishes, and has three site changeable optics for flexible distribution. Movement is aided with a low friction bearing rotation and constant torque tilt mechanism, both lockable in pan and tilt. The Precision Lighting Jack Plug system enables the luminaire to be easily disconnected and reconnected to all of Precision Lighting's systems, offering flexibility throughout the product's lifetime. The onboard 24V driver ensures overcurrent protection and is not polarity sensitive. Discus 16 is machined from aerospace grade 6063-T6 aluminium, delivering a lumen package of 560lm at 7W.
