**Gear Type** Remote

**Accessories** Snoots | Louvres | Lenses

**Weight** AL | BK | WH - 150g | RB - 375g

The Retro series of spotlights combines excellent design and precision engineering. Retro 16 encompasses our key values of high quality and excellent beam and glare control, including an integral lens or louvre holder as standard, with optional short, long and wall wash snoots available. Retro 16 is available in brushed aluminium, rubbed bronze, black and white finishes, with custom finishes available on request.

The jack plug system allows the luminaires to be easily removed for cleaning or relamping. The luminaires click into the jack plug socket, the threaded jacket then screws into position to lock the connection in place. Once fixed, the luminaires are free to rotate or alternatively, can be secured in place using two locking pins.

**Notes**

For Retro 16 snoots please see spec sheet 987-16.  
For Retro 16 accessories please see spec sheet 900.
